

JOBS CONNECT Helping people move off the streets. It's working

INVESTMENT OPPORTUNITY

Jobs Connect

BACKGROUND

We know that housing is the solution to homelessness. We also know that you can't move into housing—or maintain it—without an income. That's why we invest in connecting people who are homeless and able to work with employers who can put them to work.

United Way's Jobs Connect program reaches out to individuals who are surviving outdoors and offers them the opportunity to work. Our approach utilizes organizations currently engaged in outreach and a mobile van that circulates through downtown and other key areas that concentrates on engaging and enrolling individuals who are homeless. Jobs Connect provides a range of assistance to help individuals succeed in their employment and get back on their feet including: transportation, access to certification needs, showers and laundry facilities, work clothing, storage for personal items and connections to housing services.

OPPORTUNITY

An investment in Jobs Connect will help us take this program to scale, increase outreach efforts and employ more people who are struggling with homelessness by providing the assistance they need to succeed. It is our goal that we, with your help, will connect 2,500 people to jobs from July 1, 2018 and June 30, 2019.
