

OUR NEIGHBOR FUND

Working side by side with communities to build an equitable future for everyone.

UNITED WAY
King County

Did You Know

From 2020-2022, pandemic emergency funding helped stabilize families like never before.

Childhood poverty reached a **record low of 5.2%** in 2021. Families could pay rent--and even save.

Food banks **had food on their shelves** to meet community needs.

Eviction protections and rental assistance kept **tens of thousands of families** from slipping into homelessness.

The Crisis Now

With rising costs and shrinking support, low-income families now spend **4.5 times more on food and housing**, forcing them to make impossible choices daily: buy food or keep a roof over their heads.

In Seattle, affording a two-bedroom apartment at \$2,600/month requires **125 hours** of minimum wage work.

Food prices **have risen 25%** since the pandemic began.

50% of evicted families become homeless **within 6 months**.

Why It Matters

If our neighbors thrive, our community thrives. **But too many people are unable to get by.** While most of the federal dollars that addressed the housing and food crises during the pandemic are now gone, our commitment to help our neighbors isn't.

Our Neighbor Fund is raising critical dollars to help meet our neighbors' immediate food and housing needs.

You Can Help

When we unite in collective giving, we amplify our dollars and impact. With your support, Our Neighbor Fund can help:

5,000 families get free, weekly, nutritious home groceries deliveries for one year.

100 King County schools increase access to free breakfast at school can adopt free breakfast at school (that's 49,000 fewer hungry students!)

Provide housing stability and rental assistance services to help **hundreds more families stay housed.**

Quickly mobilize flexible grants when the unexpected happens and critical needs arise.

Our Neighbor Fund can help us feed more of our neighbors and keep them in their homes today while we continue advocating for a stronger tomorrow.

GIVE NOW, JOIN OUR MOVEMENT.
