

OUR NEIGHBOR FUND

United is the Way™ we build an equitable future, ensuring everyone in our community has access to housing, food security, educational opportunities, and financial stability.

At United Way of King County, the pursuit of a more equitable community drives us forward. It's why we're committed to more than just meeting our neighbors' urgent food, housing, and educational needs. We're working side by side with communities to dismantle the systems that created these inequities in the first place.

TOGETHER, WE'VE HELPED

30,100

FAMILIES STAY IN
THEIR HOMES

1 MILLION

BOXES OF GROCERIES
DELIVERED TO FAMILIES
IN OUR COMMUNITY

In one of the wealthiest regions in the country, our neighbors are still being forced to choose between paying rent and buying groceries. United is the Way™ we come together to say: That's not acceptable. And we can do something about it. Through **Our Neighbor Fund**, we invest in bold solutions and community-driven programs to tackle hunger, homelessness, and financial instability head-on.

- **HOMELESS PREVENTION:** We keep our neighbors in their homes through homelessness prevention and housing stability services.
 - Over the years, we've helped over **30,100** families stay in their homes.
- **FOOD SECURITY:** We bring food security to the table by providing free grocery delivery and school and summer meal programs.
 - Since 2020, we've delivered more than **1 million** boxes of groceries to families in our community.
- **EDUCATIONAL OPPORTUNITY:** We open doors to educational opportunity by supporting students from early learning through college completion.
 - Since 2010, **14,000** children and their families have been served by our Parent Child+ program.
- **FINANCIAL STABILITY:** We put vital dollars back into our community by providing free tax preparation and emergency support.
 - In 2025, **\$17M+** were returned to the community as tax refunds and credits for clients.

OUR NEIGHBOR FUND

If you believe, like we do, that no one should face hunger, homelessness, lack of opportunity, and financial instability alone—then this is your moment to unite with us. When we come together, individual actions become collective power.

- **A gift of \$30/month for a year**, with support from our food bank and delivery partners, can provide a family with groceries for three months.
- **A gift of \$50/month for a year**, together with our partners, can provide a family with the support they need to stabilize their housing.
- **A gift of \$100/month for a year**, together with our partners, can provide two families with the support they need to stabilize their housing.

Please make a gift to **Our Neighbor Fund** so
we can serve more of our neighbors.
